

AAUW Santa Maria Branch Blog – September 2019

Fall Kickoff – Welcome Back

September, a time when school starts again, summer ends, and life often moves from play to work – of all kinds.

Our members and guests gathered at the Rancho Buena Vista Clubhouse to meet new members, renew friendships, hear from out Tech Trekkers about their summer camp experience, and to find out about our Allan Hancock College Scholarship Recipients goals and plans for their future.

Information about groups, upcoming meeting dates and topics are shared, and our new directories are available.

September is when the new officers take over, the proposed budget is presented, and the programs planned are disclosed. Members are invited to join committees and groups to help achieve the goals of the new Board.

The AAUW Start Smart Program will continue at Allan Hancock College this next year.

We look forward to a wonderful new year!
